Dear Friends,  
Greetings from Indonesia.

In November I arrived here and I will stay till May.

The people here are very thankful that I am helping here as a volunteer in the technical department of the Mission Hospital Bethesda in West Borneo.

[www.BorneoHospital.com](http://www.BorneoHospital.com)

Together with some workers we have started changing all the water pipes inside the buildings of the hospital. Many pipes underground are leaking and are not repairable. It is a big task and we hope to finish in March.

2 of the 3 washing machines are still working well after I have made them manual in recent years but after so much use the metal is corroding at the legs. So we bought some metal plates and I am welding them on the machines as you can see on the picture. Adding a few more years of life to the washing machines. The motor of the 3<sup>rd</sup> washing machine has burned out so I will take out all wiring and put in a new motor and make it all manual as well so it will be easier to maintain in the future.

90 beds Hospital Bethesda

In October 2010 I met Jeny after 3 years of writing with each other. Lord willing we want to get married 11-11-2011 in Chile.

Jeny still lives with her parents and I could stay with them when I met Jeny in October 2010. I have stayed with them for 2 weeks and it is a nice Christian family. Of course I have also fixed something. In their house there was a sink which was broken since the horrible earthquake of Feb 2010. So we went to the hardware store to buy some parts. And I found a really handy universal adjustable flexible plastic siphon for the sink. So I bought 5 to take a long to the Hospital in Indonesia.

Jeny is helping the Hospital all the way from Chile

Jeny has done her first task in Missions already. The same universal siphons I had taken along to try out here are working great. So I thought: "I should buy some more of those next time I come." At the same time Jeny writes and says: "You are in missions but I am doing nothing yet for missions" So I said; "Well there is something you can do ...". So Jeny has now already sent a whole box of those universal siphons and they already arrived a month later. So in due time I will start exchanging all the leaking siphons so we will have no more dripping drains.

Daniel and Jeny in Chile October 2010

The screen of my laptop has expired; it slowly went darker and then went off. I have used it a lot and it's already 2 years since I bought it 2<sup>nd</sup> hand. I'm using a PC now but will have to fix my laptop or find another second hand one. Do you like to help? Send your gift marked "Laptop"

Other costs I have not anticipated is that I need to leave the country by March 15th to be able to get a new visa in a neighboring country so I can stay here till May. It will cost me some extra travel money so I am praying for that. The hospital is happy with all I am able to do here so it is worth the effort. Send your gift marked "Travel"

*11 - 11 - 2011 Daniel and Jeny will get married in Chile*

Proverbs 18:22 ¶ Whosoever finds a wife finds a good thing and obtained the favor of the LORD.

*Friendly greetings and thank you for your support and prayers. God bless you*
